

Frequently asked questions (FAQ) about contribution elections to the JHU retirement plans

The FAQs below are intended to help you make informed decisions regarding when and how to make contribution elections as well as to provide guidance around the process, the impact of contributing a percentage versus a dollar amount, and the payroll cutoff dates for making your elections.

How do I make my contribution election to enroll in the JHU retirement plans?

Please visit tiaa.org/jhu to enroll.

How do I know when my contribution election will take effect?

Listed in the chart on the next page are cutoff dates for contribution elections. Pay dates are listed on the right, and the date by which you must update your contribution election to see that change take effect, is on the left.

Does the amount I am paid affect my contribution if I choose to contribute a percentage of my pay?

Yes. If you choose to make a percentage contribution, you will see an estimate of your dollar contribution based on your most recent pay. If you elect to contribute a percentage of your pay, your total contribution will increase automatically with an increase in pay or decrease with a decrease in pay. Contributions can be made in pre-tax and/or after-tax Roth basis.

What if I have further questions?
