

The Johns Hopkins University Retirement Plan Investment Choices through Vanguard

The Vanguard investment choices include mutual funds from various asset classes:

- Equities – sector-specific portfolios and various mutual funds
- Fixed Income – government and corporate bonds, mortgage securities
- Money Market – cash preservation and high liquidity
- Multi-Asset – asset allocation and target retirement funds

Go to the online portal from the [Retirement Choice welcome page](#) to view, enroll or change your Retirement Plan fund selections, listed by provider. If you select Vanguard as your investment provider but you do not open an account online with Vanguard, you will be automatically invested in the age-appropriate Vanguard Target Retirement Fund with Vanguard until you create an account and make an investment election.

Each year, Johns Hopkins University reviews the fees and administrative costs related to all funds in the university 403(b) plans. You can find information on fees in the fee disclosure notice under *Quick Links* on the [Retirement Choice welcome page](#).
