

Please park in the upper lot in front of the main entrance of the building in the spaces labeled "Visitor." If there are no available spaces, please go to the Loch Raven Blvd side of the building and park there. Enter through the front door and register your vehicle (make, model, and license tag #) at the front desk.

There is a refrigerator and microwave for your use in our Guest Lounge. On the ground floor is a canteen that offers sandwiches, salads, and various other items.

The building temperature varies, so bring a jacket or sweater to be on the safe side.
