Don’t miss these on-demand webinars on our most popular topics — available to access at any time:

**Managing Screen Time in the Digital World**
Screens are an ever-present part of our lives. Learn how to negotiate screen time for your child, set healthy boundaries, and navigate your increasingly digital life.

**Returning to Work After Parental Leave**
Headed back to work after spending time at home with a new baby? Whether you’re feeling anxious, stressed, guilty, excited — or all of the above — we’ve got strategies you can use to prepare for the logistics and mental load of it all.

**Building Healthy Eating Habits for Life**
Nutrition impacts so much: mood, energy, focus, and more. Plus, it’s especially important for your child’s development. Find out how to work around cost, busy schedules, and picky eaters to build healthy habits for life.

**Language Development in the Early Years**
From babbles, to words, to full sentences — children’s language development is fascinating. We’ll explore the different stages, key milestones, and what to expect in your child’s first few years.

**Emotional Intelligence + Why It Matters**
Higher emotional intelligence does so much more than help children understand how they (and others) are feeling. It’s also a key player in building positive relationships, paying attention, and being engaged at school. Join us to learn more!

**Getting Excited About STEM**
STEM is for everyone! Hear our experts’ take on how to inspire your child to learn about science, technology, engineering, and math; explore big ideas; and help them dig deeper.
