A good coach can help you get your career in play.

Three types of coaching to help you navigate your learning options:

01 | BENEFITS POLICY COACHING

Understand your education benefits

- ▶ Explore your company's benefit policy, what it covers, and how to tap into your tuition assistance

02 | ACADEMIC COACHING

Create your personal career roadmap

- ▶ Review and discuss the variety of education options available
- ▶ Learn how to tie education to your career goals
- ▶ Determine best-fit programs, learning environment and schedule
- ▶ Get customized recommendations on pathways and trends in your industry

03 | COLLEGE FINANCE COACHING

Plan your financial strategy

- ▶ Explore grants, scholarships and financial aid options
- ▶ Develop budget strategies to reduce or eliminate out of pocket costs

After meeting with a coach, your custom education plan may include any of the following:

- ▶ Education programs that match your goals and format preferences
- ▶ A list of education providers that align with your program of choice, including their admission requirements
- ▶ Accreditation and credit-transfer information
- ▶ Costs and discounts
- ▶ And more!
