Application and Approval Process

Applications will be reviewed for policy compliance by the program administrator before forwarding the application to the employee’s immediate supervisor and HR Business Partner for approval.

   JHU will be partnering with Bright Horizons/EdAssist to help administer this benefit. Please check back for a
Payment Process:

9. How does the payment or reimbursement process work?

Undergraduate benefits – Beginning with Spring Semester 2023, undergraduate benefits will be administered as a pre-payment. JHU’s administrator, Bright Horizons/EdAssist, will make the payment directly to the school on your behalf. You will then be responsible for any remaining balance or expenses that are not covered by the tuition plan.

Upon application approval, the employee will receive a Letter of Credit to present to his/her school at the time of course registration. The school will submit an itemized invoice of tuition and fees to EdAssist. EdAssist will process payment to the educational provider for eligible tuition and fees on behalf of JHU.

For the Fall 2022 semester, you will submit your request for reimbursement to EdAssist before the end of the semester. Please check back for more details on how to submit for your reimbursement.

Graduate benefits – Graduate degrees outside of JHU will be administered as a reimbursement to the employee. Reimbursement will occur after the course is complete and a passing grade is submitted.

Graduate benefits at JHU - For employees participating in the Tuition Remission program and pursuing their degree at JHU, the employee will submit an itemized invoice of tuition and fees to EdAssist upon application approval. Payment will be handled through the registrars.

For all programs, the employee is responsible for submitting proof of successful course completion (grades) within 60 days after course completion to close out the application.

10. What is the deadline to submit for reimbursement for Spring/Summer 2022 classes?

   If you are currently participating in the tuition reimbursement program, you will need to submit all reimbursement requests by August 1st to the Benefits Service Center.

11. What happens if a passing grade is not submitted and a payment was already made?

   Repayment of tuition and related expenses will be required for any course in which the employee fails to meet the policy course completion requirements. JHU benefits will work with the employee to repay any amounts.

Tax Implications

12. Are my benefits taxable?

   In compliance with IRS regulations (section 127), employer provided educational assistance is exempt from taxation up to a maximum of $5,250 per calendar year. Taxes will be assessed if, at the time of payment processing, the total amount of tuition assistance paid in the calendar year exceeds $5,250. Taxes will be deducted from your reimbursement and you will receive the net cost. Please consult with your tax advisor for additional information.

   Tuition remission used by your spouse/or dependent children for graduate courses, is considered taxable income and will be withheld from your paycheck.
Tuition remission used by your domestic partner and their dependent children, is considered taxable income and will be withheld from your paycheck.
