Welcome

The Family Services team strives to support families with the integration of work and family life.

At this time of increased uncertainty, Hopkins families have identified caregiving as an area of need - for school age care, elder care, flexible child care and financial assistance.

In response, the University has broadened the slate of offerings and we are increasing communication and visibility to make sure that everyone is aware of the tools available.

Thank you for participating today. Throughout this period, your experience and feedback is essential to creating solutions that work.

What is Komae?

Komae is a cooperative childcare app, providing a flexible care management option for parents returning to work.

**Trusted Care**
No matter how big Komae’s network grows, your babysitting requests only show up to other parents you have personally connected with on the app.

**Cash Savings**
Babysitting on Komae is free when you're trading equally with friends. And if you need to purchase points, it's only $5 an hour!

**Create Groups**
Create groups on the app and invite your neighborhood, school group, or colleagues to join.

**Post a Need**
Send one message to let your entire village know when you need a sitter and say goodbye to playing phone tag.

**Post an Availability**
Have a free night? Need more points? Post an availability encouraging your network to post a sit.
