Applications will be reviewed for policy compliance by EdAssist and then will be forwarded to the employee’s immediate supervisor and HR Business Partner for approval.

PAYMENT PROCESS

Once an eligible employee’s application is approved, the payment process will be as follows:

- Undergraduate Direct Bill Programs: EdAssist will issue a “Letter of Credit” to the employee to present to the educational provider at the time of course registration. Educational providers will then need to submit an

itemized invoice of tuition and fees to EdAssist. Once received, EdAssist will process payment directly to the educational provider for eligible tuition and fees on behalf of the employee.

- Undergraduate and Graduate Reimbursement Programs: Employees will need to submit receipts to substantiate the payments of eligible tuition and fees to EdAssist. Once EdAssist has reviewed and approved the receipts, EdAssist will issue reimbursements for the eligible expenses to the employee.

Repayment of tuition and fees will be required for any course in which the employee fails to meet the policy course completion requirements. The Plan Administrator will contact the employee to arrange for repayment.

SCHOLARSHIPS, FINANCIAL AID, GRANTS

Employees must disclose in their application all financial assistance, including, but not limited to, all scholarships, grants, financial aid, military benefits or discounts, and provide documentation of how the funds were applied. Funds received from such sources will be deducted first from any expenses not covered under the Plan. Any remaining funds received will be deducted from eligible tuition and fees. Financial Aid received in the form of student loans will not be deducted. Falsification of an application may result in the termination of an employee's eligibility in the Plan.

TAX IMPLICATIONS

In compliance with Code Section 127 and applicable IRS regulations, employer provided educational assistance is exempt from taxation up to a maximum of \$5,250 per calendar year. Taxes will be assessed if, at the time of payment processing, the total amount of educational assistance paid in the calendar year exceeds \$5,250. The amount over \$5,250 shall be subject to federal income tax and payroll tax withholding in accordance with federal and state law and will be withheld from the employee's paycheck. Employees should consult a tax advisor for additional information.

To minimize the impact on an employee's net pay, once Payroll determines that additional tax withholding is required, the additional taxes will be spread out evenly across the paychecks issued during the current academic quarter/semester. If the employee has already received one or more paychecks during the current academic quarter/semester, the additional taxes will be spread out across the remaining pay checks that the employee will receive during the quarter/semester.
