

JHU's Pre-Retirement Program offers Planning Seminars!

Financial planning is only the first stop on your path to retirement planning. JHU's Pre-Retirement Program is held virtually in the Spring and Fall with an in-person resource fair in the summer. For two weeks in April and September, you can choose to attend any of the webinars *offering insights into the following topics: financial and legal planning, retiree benefits, Medicare, Social Security, and non-financial or social considerations such as where you'll live, what you'll do with your time, and how you'll remain intellectually engaged.*

If you can't attend the virtual workshops, recordings are available for you to watch at your convenience. You are encouraged to include a partner, friend, or family member in your planning process.

The Pre-Retirement Program offers webinars applicable to all ages and stages of retirement planning. And if you're five or fewer years from retirement, you'll no doubt have questions about how to make a smooth transition from full-time employment to post-work life.
